The Office of Vocational Rehabilitation (OVR) is a state agency that helps persons with disabilities prepare for, obtain and maintain employment. OVR 101 will educate parents and caregivers about OVR's mission, processes and available services. The intended outcome is to gain an understanding of the active role OVR plays during the secondary transition process and the benefits of engaging youth at an early age during this time of transition. Highlighted and discussed will be the Pre-Employment Transition Services, which include the OVR Early Reach Initiative and other services.

Presented by Angelica Webster MSW, LSW, Norristown District Office of Vocational Rehabilitation, specializing in working with youth 14–21 years of age.
